

1. Cut out and colour in the bat.
2. Fold the bat in half
3. Punch a hole in the marked spot
4. Staple a drinking straw across the back of the wings
5. Attach a line of string from the punched hole to a stick
6. Staple two long streamers to the bats tail
7. Fly your bat kite!!

MAKE A BAT KITE!

Developed from 'Snowflake' white dove kite (Australian Kite Association) by Reg Tipping and Alison Urwick of Oxfordshire Bat Group
